Standard Features

Pre-Engineered Designs

- Each shelter is pre-engineered to meet or exceed local building requirements
- Stamped and sealed drawings and calculations completed by a structural engineer to meet a project's state and local building codes

Structure Frame

- Glue laminated Southern Yellow Pine (SYP)
- Each shelter is designed to meet the local snow and wind loads
- All metal connectors have a factory applied powder coat finish in Railing Black

Columns

- Port Orford Cedar columns – with powder coated steel base shoes
- Port Orford Cedar provides superior resistance against rot and decay

Roofing

- #1 grade kiln dried 2" x 6" SYP roof decking
- 2" x 8" Alaskan Yellow Cedar fascia
- 30-year architectural grade shingle package
