# STEEL PERGOLA

Cedar Forest Products offers a variety of steel pergola styles. Certified welders and craftsmen create a tubular steel frame utilizing clear-span design. Pergolas are shipped ready to assemble with no cutting or welding required. A factory applied powder coat finish is standard on all steel components.

## Standard Sizes

Due to the wide variety of options such as columns and supporting beams, pergolas are custom in nature, allowing for many designs and sizes. Various beam details including scalloped headers and curved beam options allow for dramatic architectural statements. CFP can create a pergola to fit a project's specific needs.

## Options

Roof Pitches – Shelter Tiers – Ornamentation – Laser Cut Medallions – Column Style – Metal Base Covers – Electrical Access & Cutouts – Customization

# Standard Features

## Pre-Engineered Designs

- Each shelter is pre-engineered to meet or exceed local building requirements
- Stamped and sealed drawings and calculations completed by a structural engineer to meet a project's state and local building codes

## Structure Frame

- Tubular steel frame utilizes hidden bolt and fasteners wherever possible
- Each shelter is designed to meet the local snow and wind loads
- Frame comes with a durable powder coat finish

## Roofing

- 24 gauge Multi-Rib metal roofing with a Kynar 500 color finish
- Mega Rib metal roofing with a Kynar 500 color finish on Barrel Vault structures only
- Trim and fasteners included
